

Worcester Male Voice Choir

Registered Charity Number: 1141309

***Do you enjoy varied classical
and modern music?***

***Have you ever thought about
singing?***

***Whatever your ability, our
choir will help you.....***

We welcome beginners and experienced singers alike. The only requirement is that you enjoy singing, come to rehearsals and enjoy the company of like-minded men. You do not have to read music or to have performed in public. You will have plenty of time to learn the music

We learn our music at rehearsals, from our own CD's, MP3's and from learning materials available from the Choristers area of our website.

Age is not a factor. Any male voice is welcome. The Choir has four Sections; 1st Tenor, 2nd Tenor, Baritone, and Bass

Our choir currently numbers over 70 singers who come from Worcester, Malvern, Pershore, Droitwich, Kidderminster, Stourport and everywhere in between!

The choir is very friendly. Chorister's families and Friends of the Choir often join us for concerts and social events.

The choir has an active golf group and a walking group. So we truly balance our musical work with social activities and great tours home and abroad - Cornwall, France and Germany.

Your level of commitment has to fit your personal circumstances and those of the choir.

Some Choristers attend virtually every rehearsal and every concert; others have to work around other demands.

The more choristers we have the more flexibility it can provide for everyone.

We have great fun, so why not join us on a Monday or Wednesday evenings whether you want to sing straight away or just visit and see what a male voice choir gets up to.

The choir is a charitable organisation. Most of our concerts support local and national charities. We have raised approaching £200,000.

Concerts range from those in prestigious venues like the Royal Albert Hall, Symphony Hall, Birmingham Town Hall, Worcester Cathedral, College Hall [Kings School, Worcester], and Pershore Abbey to local churches and village halls.
